

PATRIOT

Swimming Pools

Quality

Each Patriot Swimming Pool is built in the USA to our exact standards of quality, durability and value. Because each pool is made of high quality galvanized steel and features our exclusive coating system, you can relax knowing that your pool will provide years and years of family fun.

Durability

The walls, uprights and top rails feature our multi-stage coating system and EVERGUARD Sealant. This system strengthens the heavy gauge corrugated steel by encasing it with up to 11 protective coats including hot dipped galvanizing and a corrosion inhibitor on both the inside and outside of the walls.

Value

A Patriot Swimming Pool is a great pool at a terrific price. Patriot Swimming Pools are offered in oval and round shapes and come in numerous sizes.

Swimming Pools

EVERGUARD Protection

A clear coating system is applied after the component is painted which offers extreme durability and resistance to dulling and fading. This textured component sheds dirt, snow and water to reduce maintenance.

Hot Dipped Galvanized Steel Wall

The wall of the pool is manufactured from heavy-duty galvanized steel to give it maximum strength and superior corrosion resistance.

Wall Painted on Both Sides

Patriot Swimming Pool walls are painted on both sides to form a barrier between the galvanized steel and any corrosive material. This will ensure a longer lasting product.

Top Rail

The top rail of the pool is fabricated from heavy-duty galvanized steel. It is painted and coated with EVERGUARD to provide strength and durability.

Stainless Steel Hardware

All fasteners and hardware provided with the pool are non-magnetic stainless steel to prevent rusting, corrosion or other abnormalities.

Liner Receiver

The liner receiver holds your liner in place. It is electrostatically painted and constructed of roll formed aluminum to last a lifetime.

Skimmer Throat Gasket

Patriot Swimming Pools contain a sandwich gasket with rubber seal used to stop corrosion in the skimmer area.

Warranty

Each pool is supplied with a warranty that is one of the most comprehensive in the industry.
